Dear Mr. Jensen:

I have received your letter and recently spoke with you concerning our mining property. In response to your letter dated April 20, 2001. We have not mined the property in several years. We have however been removing material from our stockpile and will continue to do so for the next several years.

In approximately 2 year we will need to blast to recover additional material, but this will not increase the working area. It is not necessary to disturb any additional area for the next 20 years. If you need any additional information please contact me. I would like to sincerely thank you for your help in the matter.

Sincerely,

Dennis R. Williams
Managing Member
Worthen/ Williams LLC.
